Price:

1500.00 \$

250,000 miles on truck, but only 40,000 on engine. 4 wheel drive. Needs front end work: Upper and lower ball joints + tie rods. Custom built, tuned 5.7l engine, runs on 93 Premium. One engine valve needs slight adjustment. Rocker arms also need adjusted. Brand new mud tires, brand new wheels and offroad shocks, bed toolbox, and set of four fender flares also comes with the truck. Good mudder, more than anything it just needs front end work.

Talked to my mechanic, needs \$1000 total in front end repairs.
